

## TEACH NA NDAOINE FAMILY RESOURCE CENTRE

The Beacon Family Support Project receives referrals from Tusla from organisations that feel a family needs our support. We also have a self-referral process which we will be happy to fill in with you if you feel or know someone that needs support.

# FAMILY SUPPORT

THE BEACON PROJECT

TEACH NA NDAOINE  
FAMILY RESOURCE CENTRE

The Beacon Family Support Project offers support to families within the community and all of County Monaghan. We support families with;

Home Visits

Budgeting

Parenting Support

Health and Well-being

We are a helping hand, and we spend quality time building relationships with families by solving a basic need or problem such as food, housing or clothing.

As Family Support workers we help **overcome** issues and/or struggles that may be on-going within the home. We **empower** parents and build their **confidence** to cope with day-to-day tasks, in turn, improving their parenting skills. Confidentiality is a key part of our work and no matter who we are working with, privacy is paramount.

We spend a lot of time linking families with relevant and appropriate services throughout the county such as CAMHS, Tearmann, Enable Ireland, Meitheal, Youth Support Services, Education, to name a few.

### Additional services we provide:

- **Drop-in clinic** in Teach na nDaoine Family resource centre, where families can talk with us in a relaxed environment about issues they may be facing
- **Tots group** every second Wednesday morning
- **Parenting Programmes** enabling parents with strategies to deal with different issues faced
- **Practical support and advice**
